LIFE EXTENTION

This will be an ideal platform, where budding gamers can explore and develop their skills and use this as a good practice session.

- Gaming is a very popular frenzy and we now have hundreds of gamers.
- They need more exposure to hone their skills and compete with the best in the college.

Gaming is a very popular frenzy and we now have hundreds of gamers. They need more exposure to hone their skills and compete with the best in the college.

We hope that this event will help them come together and give them a fair idea about where they stand.

This will be the ideal platform where budding gamers can explore and develop their skills and the more experienced ones can use this as a good practice session.
